Patent No. 6197312
GENERAL INFORMATION:
GENERAL INFORMATION:
APPLICANT: PEAK, Ian Richard Anselm
APPLICANT: MOXON, E. Richard
TITLE OF INVENTION: NOVEL SURFACE ANTIGEN
FILE REFERENCE: 065064/0128
CURRENT APPLICATION NUMBER: US/09/377,155
CURRENT FILING DATE: 1999-08-19
PRIOR APPLICATION NUMBER: PCT/AU98/01031
PRIOR FILING DATE: 1999-12-14
PRIOR APPLICATION NUMBER: GB 9726398.2
NUMBER OF SEQ ID NOS: 33
SOFTWARE: PatentIn Ver. 2.0

Pred. No. is the number of results predicted by chance to have a score greater than or equal to the score of the result being printed, and is derived by analysis of the total score distribution.

Pred. No. is the number of results predicted by chance to have a score greater than or equal to the score of the result being printed, and is derived by analysis of the total score distribution.

Outer membrane protein B precursor (168 kDa surface-layer protein)
(Surface protein antigen) (Cell surface antigen 5) (Scas) (rompa) (romp B) (Contains: 120 kDa surface-exposed protein (Surface protein)
antigen) (120 kDa outer membrane protein omp8); 32 kDa beta peptide].

Clostridium thermosulfurogenes): molecular analysis of the gene, composite structure of the enzyme, and a common model for its attachment to the cell surface.";

J. Bacteriol. 176:3295-3302(1994)

CATALYTIC ACTIVITY: Endohydrolysis of 1,4-alpha-glucosidic linkages in oligosaccharides and polysaccharides.

Linkages in oligosaccharides and polysaccharides.

Linkages in pullulan and in amylopectin and glycogen, and the alpha-and beta-limit dextrins of amylopectin and glycogen, and the slopa-and beta-limit dextrins of amylopectin and glycogen.

SLAYER ANCHOR.

PTW. GLYCOSYLATED.
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    01-077-1994 (Rel. 30, Created)
